Our Professional Expertise

Brateck, founded in 2008, leads in ergonomic solutions that turn everyday spaces into centers of comfort and productivity. Powered by in-house R&D and precise manufacturing, our products enhance wellbeing at home, work, and beyond. We combine advanced technology with smart design to elevate daily life and help people perform at their best.

Our Unique Edge

"Your Support Always." We deliver more than screen-supporting solutions— we build win-win partnerships through dedicated support for customers and distributors alike. Driven by a passion for quality, innovation, and shared success, we continuously expand our ergonomic solutions to create more comfortable, productive, and enriching experiences with every interaction.

Our Timeless Values

- Innovative Product R&D — always stay agile to consumers' needs and market trends.
- Unpromising Quality — all products are meticulously inspected during production.
- Engaging Partnerships — forging functional ties with emotional depth through vision and trust.

BRATECK'S IFPD SOLUTIONS

At a Glance

Interactive Flat Panel Displays (IFPD) are widely applied in collaborative spaces such as educational spaces, offices, and commercial areas, representing enhanced connectivity and built-in software solutions. Accordingly, by focusing on large, heavy-duty displays, Brateck has been endeavoring to make the advanced design for IFPD carts, stands, and wall mounts.

Carts & Stands

Category I. Motorized Height Adjustable

Effortlessly controllable via remote and/or buttons, facilitating smooth and quiet height adjustments even for large, heavy-duty screens in public areas, ensuring uninterrupted teaching, learning, and discussing.

Category II. Manual Height Adjustable

Stepless/different-level height adjustments are available via manual control, conveniently fitting areas with no power access (e.g., outdoor classrooms).

Category III. Rotatable

Perfect for single-use locations—time-saving when the display is used by the same person or for the same setup every time.

Category IV. Frame

Designed to combine with other IFPD solutions for usage to diversify the applications.

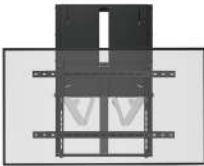

BRATECK'S IFPD SOLUTIONS

Wall Mounts

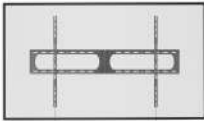

Category I. Height Adjustable

In compact wall-mounted design to largely save space in multiple scenarios such as classrooms and conferences rooms — effectively keeps the floor areas clear while allowing vertical dynamic adjustments.

Category II. Height Fixed

Includes solutions for super large, super heavy-duty screens to fit extra-large educational spaces or commercial spaces; with a slim profile not only to save space, but also to build an aesthetic and minimalist look.
